

The Framework One-Pager

The six-step process at the heart of every instructional decision.

The question at the center

What does my child need next?

Framework steps

Assess	Gather information about current reading and spelling skills.
Identify	Sort what is secure, emerging, and in need of support.
Match	Use UFLI to locate the lesson or range that fits the need.
Teach	Provide explicit instruction, modeling, guided practice, and feedback.
Monitor	Watch accuracy, automaticity, spelling, transfer, and confidence.
Adjust	Decide whether to move forward, review, reteach, practice more, or adjust.
